

Bunratty United AFC Inclusion Statement

Bunratty United AFC is committed to providing a welcoming, safe and inclusive environment for all members of the community to participate in football.

The Club actively promotes participation across all sections of the community, including children and young people, women and girls, and individuals with disabilities. We aim to ensure that everyone has the opportunity to take part in football in a manner that is respectful, supportive and appropriate to their needs.

In delivering our activities and developing our facilities, the Club is committed to:

- providing equal access to participation and membership without discrimination
- supporting the growth of women's and girls' football within the Club
- creating opportunities for youth development at all levels of ability
- supporting inclusion and accessibility for individuals with disabilities, where reasonably practicable
- maintaining a safe environment in line with safeguarding and child protection requirements
- operating in accordance with the policies and standards of the Football Association of Ireland

The Club will ensure that its facilities are used in a way that supports broad community participation, subject to appropriate governance, safeguarding, insurance and scheduling requirements.

Bunratty United AFC recognises that inclusion is an ongoing commitment and will continue to develop its approach to ensure that the Club remains open, accessible and welcoming to all.

Yours faithfully,

Brendan Drinan
